SB	9:36	Sean McGillis	that can assist us with that. A/Commr. Finn suggested that we have our mailbox archived. Sean McGillis will get an employee
SB	9:32	Mike Saghbini	FPNS has carriage over Personal Info. In fact, we've requested CIG to have the video translated as he filmed it in Russian. The request was completed and we now have possession of the translated video. We have a few concerns with what he was talking about (rhetoric) as it sounded like a last manifesto. INSET from C division is working closely with Mike Saghbini. In fact, an Officer Safety Bulletin in the CIG was provided this morning to the PIU. PIU will distribute it to the ground. We are trying to track down where he is. We believe he might be on a farm with other protestors. * Personal Info. will come up in the Task Force Report* A/Commr. Finn: We receive many information through the GSB mailbox. Thus, if we receive anything, we will forward it to you. Mike Saghbini shared that they are not leaving it to chance. Elections Canada sent us a warning that an individual made threats and we have already arrested him. Mike Saghbini shared that they are working on warrants. A/Commr. Finn expressed that he believes that once the bulletin is shared, this will be sufficient. Therefore, Mike Saghbini will share the bulletin with Sandy Harvey. Sandy Harvey wants to confirm if the bulletin contains the same information. Lastly, Mike Saghbini expressed that the bulletin was sent to partners on CNCC. Sandy Harvey asked Mike Saghbini if they opened a National Security on that, which Mike answered yes, he and C Division opened an investigation. Lastly, Sandy Harvey shared that she is confident with the communication circle as she received information about Personal Info. thus she contacted C Division, but they already had the information. This demonstrates that the information is shared quickly with the communication circle.
